

**CALL FOR ADMISSION TO THE FIRST YEAR  
ACADEMIC YEARS 2024/2025 AND 2025/2026  
RESERVED FOR ITALIAN, EUROPEAN AND NON-EUROPEAN CITIZENS REGULARLY RESIDENT IN ITALY**

***Single-Cycle Master's Degree Programme in Medicine and Surgery (LM-41)*  
*Single-Cycle Master's Degree Programme in Medicine and Surgery - "MedTech" (LM-41)***

**1. GENERAL INFORMATION**

This document is only the translation of the call for admission issued by the Rector's Decree on 5<sup>th</sup> October 2023, no. 602 for the Single-Cycle Master's Degree Programmes in Medicine and Surgery and Medicine and Surgery- "MedTech". The Italian version is the official document regulating this call. The document written in English has no legal value. In case of conflicting issues between the English and the Italian version, the Italian version prevails.

Admission to the I year of the **Single-Cycle Master's Degree Programmes in Medicine and Surgery and Medicine and Surgery- "MedTech"** – both courses entirely taught in English – consists in the following selective procedure:

**a) for the a.y. 2024/2025, two admission test sessions – in addition to the test held on 16<sup>th</sup> March 2023 – which will take place as follows:**

- **first test session: written test scheduled in Rome on the 8<sup>th</sup> January 2024.** The time and the location of the test, along with the list of admitted candidates and assigned sectors, will be published by 21<sup>st</sup> December 2023 on the University's website on <https://www.unicampus.it/it/info/ammissioni-corsi-laurea>. Candidates may compete with the score obtained in the written test on 8<sup>th</sup> January 2024 for either one and the other course. Therefore, in order to compete for both Courses (the Single Cycle Master's Degree Programme in Medicine and Surgery and/or the Single Cycle Master's Degree Programme in Medicine and Surgery -"MedTech"), it is necessary to submit two separate online applications for the admission test, one for each degree course, according to the deadlines and modalities established by Article 5 of this call.
- **second test session: written test scheduled in Rome on the 29<sup>th</sup> February 2024.** The time and the location of the test, along with the list of admitted candidates and assigned sectors, will be published by 23<sup>rd</sup> February 2024 on the University's website on <https://www.unicampus.it/it/info/ammissioni-corsi-laurea>. Candidates may compete with the score obtained in the written test on 29<sup>th</sup> February 2024 for either one and the other course. Therefore, in order to compete for both Courses (the Single Cycle Master's Degree Programme in Medicine and Surgery and/or the Single Cycle Master's Degree Programme in Medicine and Surgery -"MedTech"), it is necessary to submit two separate online applications for the admission test, one for each degree course, according to the deadlines and modalities established by Article 5 of this call.

**The merit ranking for the admission to the a.y. 2024/2025 will be drawn up on the basis of the best score – or the unique score in case of participation to only one test session – obtained by the candidate among all the tests taken.**

For the a.y. 2024/2025, the first winning candidate in the merit ranking of the *Medicine and Surgery Course*, and the first winning candidate in the merit ranking of the *Medicine and Surgery- "MedTech" Course* (with a ISEE Diritto allo Studio 2024 certificate, not exceeding € 45.000 (fourty-five thousand/00))<sup>1</sup>, will be awarded with **1 (one) scholarship each**, covering the 100% of the University tuition fee for the legal duration of studies (6 years). The scholarships are financed by the University Campus Bio-Medico di Roma and reserved to Italian citizens, citizens of the European Union and non-EU citizens with equivalent status. The Annex A to this call for

<sup>1</sup> For this purpose, when applying for the inclusion in the merit ranking list pursuant Article 7 of this call for admission, a copy of ISEE Diritto allo Studio 2024 must be provided.

admission states both the deadlines and modalities for acceptance and the requirements for maintaining the scholarship in the years following the first year of the course.

**b) for the admission to the a.y. 2025/2026, each candidate, including students attending the penultimate year of high school when the test takes place, may participate up to a maximum of four admission test sessions:**

- on **8<sup>th</sup> January 2024** (coincident with the First admission test session referred to in point a));
- on **29<sup>th</sup> February 2024** (coincident with the Second admission test session referred to in point a));
- upon specific registration, two test sessions with equal difficulty as the two sessions taking place on 8<sup>th</sup> January and 29<sup>th</sup> 2024. These sessions will be identified in a subsequent provision to be adopted by the end of December 2024 and published on the dedicated web page, accessible from <https://www.unicampus.it/it/info/ammissioni-corsi-laurea>. In the event that the University identifies different periods for the admission test sessions, each candidate may take only one admission test per period.

Candidates may compete with the score obtained in the written test on 8<sup>th</sup> January and/or 29<sup>th</sup> February 2024 for either one and the other course. Therefore, to compete for both Courses (the Single Cycle Master's Degree Programme in Medicine and Surgery and/or the Single Cycle Master's Degree Programme in Medicine and Surgery -"MedTech"), it is necessary to submit two separate online applications for the admission test, one for each degree course, in accordance with the deadlines and modalities established by Article 5 below.

**The merit ranking for the admission to the a.y. 2025/2026 will be drawn up on the basis of the best score – or the unique score in case of participation to only one test session – obtained by the candidate among all the tests taken.**

The subsequent provision for admission to the a.y. 2025/2026, to be adopted by the end of December 2024 and published on the dedicated web page <https://www.unicampus.it/it/info/ammissioni-corsi-laurea>, will indicate:

- test date(s), location and the registration deadlines;
- terms, conditions and modalities to be included in the merit ranking;
- terms and modalities of publication of the merit ranking.

Candidates who participated to the tests of 8<sup>th</sup> January 2024 and 29<sup>th</sup> February 2024, as graduates or students attending the last high school year in 2023/2024, can keep the score obtained in the test to be included in the merit ranking for the a.y. 2025/2026, but only if not enrolled in the a.y. 2024/2025 according to the terms and conditions set out in Article 8.

A simulator of the written admission test will be available on the registration platform. The candidates may use the simulator for practice purposes.

Registration for the tests enables the candidates to access: (i) a simulator online of the written admission test, tool for preparation and self-assessment, (ii) the results of the tests taken, also in comparison with the results obtained by other candidates in the same test in order to allow the evaluation of one's own positioning (iii) access to the test taken with the score obtained and the number of correct/not given/incorrect answers.

For all the procedures referred to in this call, the University reserves the right to change the deadlines due to *force majeure*. In the event of a postponement of the test, the University may extend and/or re-open the deadline for online registration for admission.

It is the candidate's responsibility to check all notices regarding the competition procedure published on the University's website at <https://www.unicampus.it/it/info/ammissioni-corsi-laurea> in the dedicated sections to admission to the Degree Programmes of interest.

## **2. PLACES AVAILABLE**

For each academic year (2024/2025 e 2025/2026), in the following the number of available places:

- **Master's Degree Programme in Medicine and Surgery, 72 places;**
- **Master's Degree Programme in Medicine and Surgery-“MedTech”, 68 places.**

The number of available places may vary according to the Decree of the Italian Ministry of Universities and Research (Ministero dell'Università e della Ricerca, M.U.R), in compliance with Italian Law no. 264, August 2<sup>nd</sup>, 1999.

The Decree will be published on the website <https://www.unicampus.it/it/info/ammissioni-corsi-laurea>.

In case of a reduction of the number of available places pursuant to the Decree of the Italian Ministry of Universities and Research, the candidates enrolled - on the basis of the merit ranking list - in the places no more available as a result of the ministerial Decree, will forfeit of the enrolment and will compete for any available places in the modalities provided for eligible candidates.

## **3. APPLICATION REQUIREMENTS**

### **3.1. CITIZENSHIP**

The only candidates who can participate in the procedure are Italian and European citizens and NON - European citizens regularly resident in Italy (art. 39(5) of Legislative Decree no. 286/1998, as subsequently amended and supplemented).

**Applicants who participate in this Call for Admission violating the citizenship requirements set forth in this article shall be excluded from the procedure.**

### **3.2. EDUCATIONAL QUALIFICATION**

**Candidates can register for the admission test for the a.y. 2024/2025** only if they meet the citizenship requirements set out in Article 3.1 and if they are **already graduated or will obtain in the academic year 2023/2024 a valid qualification to access to University** in their country of origin, in accordance with the provisions published annually by the Ministry for Education, University and Research on the website [www.studiare-in-italia.it/studentistranieri](http://www.studiare-in-italia.it/studentistranieri), **may participate to this call.**

**Candidates can register for the admission test for the a.y. 2025/2026** (including the tests taking place on 8<sup>th</sup> January 2024 and 29<sup>th</sup> February 2024) only if they meet the citizenship requirements set out in Article 3.1 above and, on the test date:

- having already obtained a High School Diploma, in Italy or another EU country, in accordance with the provisions published annually by the Ministry for Education, University and Research on the website [www.studiare-in-italia.it/studentistranieri](http://www.studiare-in-italia.it/studentistranieri);
- will obtain in the a.y 2023/2024 an Italian High School Diploma, in Italy or another EU country, in accordance with the provisions published annually by the Ministry for Education, University and Research on the website [www.studiare-in-italia.it/studentistranieri](http://www.studiare-in-italia.it/studentistranieri);

- will obtain in the a.y 2024/2025 (currently in the penultimate year of High School) an Italian High School Diploma, in Italy or another EU country, in accordance with the provisions published annually by the Ministry for Education, University and Research on the website [www.studiare-in-italia.it/studentistranieri](http://www.studiare-in-italia.it/studentistranieri);

The only academic qualification is the one obtained after at least 12 years of schooling. Candidates who have obtained an educational qualification from a foreign school system are obliged to provide a Declaration of Value (*Dichiarazione di Valore*) issued by the Italian diplomatic representations or, alternatively, a certificate issued by the Information Centre on Academic Mobility and Equivalence (CIMEA).

In case the local school system only provides for 11 or 10 years of schooling, the academic qualification is only valid if integrated with one or two years of university (in this case the candidate must prove to have passed successfully all the exams required for the years attended). The Foundation Year course at University Campus Bio-Medico of Roma is also recognised, for this purpose, but only if the candidate has passed the relevant exams.

**Candidates applying for this call violating the aforementioned requirements concerning their educational qualification and in accordance with current legislation forfeit from enrolment.**

### **3.3. KNOWLEDGE OF ENGLISH LANGUAGE**

**Admission to the Master's Degree Programmes in Medicine and Surgery and Medicine and Surgery- "MedTech" requires the knowledge of English, at least B2 level of CEFR attested by one of the language certifications exclusively listed in Annex B, which is an integral part of this call for admission.**

Admission to the a.y. 2024/2025 requires:

- a) candidates who have one of the language certifications exclusively listed in Annex B** must attach the certification in the appropriate field of the online application platform before paying the registration fee. After payment, the application can no longer be modified;
- b) candidates who have not attached one of the language certifications exclusively listed in Annex B** in the relevant field of the online application platform by the deadline set out in letter a), **can take the test but will be marked with an asterisk in the PROVISIONAL MERIT RANKING** referred to in article 7. Those candidates have to proceed as follows: winning or eligible candidates in the *provisional merit ranking* that have not already attached one of the language certification exclusively listed in Annex B in their application, **have to access again to the registration platform, from 19<sup>th</sup> April 2024 and no later than 19<sup>th</sup> June 2024, 1.00 p.m. (CEST)** with their credentials, attaching their language certification.

Candidates who do not present the language certification or who present a different certification from those exclusively listed in Annex B, will be excluded from the enrolment procedure.

No later than 5<sup>th</sup> July 2024 the FINAL MERIT RANKING will be published, with the only names of those candidates who have produced an appropriate language certificate within the terms indicated above.

Furthermore, eligible candidates will be excluded to complete the enrolment process – PHASE II referred to in article 8, or being called by scrolling, if:

- they do not upload or send correctly a language certification by the above described deadlines and manners;
- they upload or send a language certification different from those exclusively listed in Annex B.

Candidates that apply for the a.y. 2025/2026 and do not attach a language certification exclusively listed in Annex B when applying have to present a language certification within the terms and manners that will be

identified in a subsequent provision to be adopted by the end of December 2024 and published on the dedicated web page <https://www.unicampus.it/it/info/ammissioni-corsi-laurea>.

**The registration fee for the admission procedure is not refundable for any reason and there will be no reimbursement of the tuition fee paid except in cases expressly provided for in this Call. Applicants are therefore invited to obtain on time a language certificate among those listed in Annex B.**

**It is the candidate's own responsibility to verify that the provided certification is one of those exclusively listed in Annex B.**

#### **4. CANDIDATES WITH LEARNING DISABILITIES (SLD) AND OR DISABILITIES**

Candidates with invalidity and disabilities, pursuant to Law 104/92, and candidates with learning disabilities, pursuant to Law no. 170/2010, who require special conditions or special aids for the examination, must explicitly insert their request in the online application. They have to attach the related certification proving the disability or SLD level, issued in the country of residence and accompanied by a sworn translation in Italian or English that specifies the essential elements regarding the aforementioned benefits in order to enable the University to prepare accordingly to guarantee an equal participation in the tests. **The University reserves the right to verify the candidate's certification and undertakes to inform the candidate, in due time for the test, of the aids granted. Only certifications produced in Italian or English will be considered.**

#### **5. REGISTRATION PROCEDURE**

**In order to participate to the admission test sessions of 8<sup>th</sup> January 2024 and 29<sup>th</sup> February 2024 (valid for both the admission to the a.y. 2024/2025 and to the a.y. 2025/2026), the application must be submitted exclusively online by clicking on the appropriate button on the website <https://www.unicampus.it/it/info/ammissioni-corsi-laurea> in the mandatory following periods:**

Registration for admission requires performing all the following actions within the deadlines established in the table above:

1. Registration on the online portal and creation of credentials (username and password);
2. Registration confirmation on the portal through the link that the candidate receives by email;
3. **Access to the portal with the candidate's credentials and filling in the application form;**
4. Online payment, by credit card, of the registration fee for the admission test.

**By following steps from point 1 to 4, the registration procedure is considered completed. Once all the mandatory fields of the registration form have been completed, the payment of the registration fee is automatically enabled.**

**The candidate receives an email containing the link to confirm the creation of the portal access credentials and then, if correctly filled in the application form and made the online payment, a further email confirming that the application has been submitted. The application is submitted only if received the confirmation of the online payment. At this point, the registration can no longer be modified.**

**An application that has not been submitted correctly is in any case considered incomplete and does not permit the participation in the competition. The registration fee for the test is not refundable under any circumstances.**

Except for those who submit their application to both the two sessions by choosing the registration option with the reduced fee, each application is separated and independent of any other. Thus, in order to participate to the 2<sup>nd</sup> session of the admission test, each candidate has to complete another specific application and pay the fee again, although she/he already took the test in the 1<sup>st</sup> session.

It is the candidate's responsibility to check the correct insertion of the data requested by the online registration platform. The insertion of untruthful or incorrect data, or failure to enter them, will result in the exclusion from the procedure and from the final ranking or in the loss of the right to enrol or in the cancellation of the enrolment. The University Campus Bio-Medico of Rome reserves the right to carry out the necessary checks on the declarations made by the candidate.

The list of **candidates admitted to the written test** will be published on the University website at <https://www.unicampus.it/it/info/ammissioni-corsi-laurea> as follows:

- **by 21<sup>st</sup> December 2023 for the 1<sup>st</sup> session** (written test scheduled on 8<sup>th</sup> January 2024);
- **by 23<sup>rd</sup> February 2024 for the 2<sup>nd</sup> session** (written test scheduled on 29<sup>th</sup> February 2024).

A simulator of the written admission test will be available on the registration platform. The candidates may use the simulator for practice purposes.

## 6. WRITTEN ADMISSION TEST

The written admission test (entirely in English) lasts **1 hour and 50 minutes** and consists of **80 multiple-choice questions as follows: Logic (50 questions), Biology (10 questions), Chemistry (10 questions), Mathematics and Physics (10 questions)**. The syllabuses for each discipline are contained in Annex C to this call for admission.

The test questions are extracted from an archive owned by the University Campus Bio-Medico of Rome, through a randomised procedure carried out by a qualified external actor in charge for this purpose. In consideration of the provisions of Article 1 letter b) of this call, different tests of equal difficulty will be prepared for each exam session, in accordance with the criteria for balancing the various question types.

By the end of the test (1 hour and 50 minutes) or in any case within a voluntary advanced delivery, each candidate must answer a further 6 reserve questions that will not count towards the test score unless an anomaly emerges in one or more questions. Only in this case, having ascertained the possible criticality, the Responsible for the proceeding, having obtained the opinion of the General Commission, may consider neutralising the question and replacing it with the reserve question of the same type in order to guarantee the objectivity of the assessments and equal treatment between candidates.

During the test, candidates are not allowed to use any electronic device, or any other types such as calculators, tablet, internet enabled devices, printed books, manuscripts or notes. Each candidate has the right to finish the test before the maximum time expires as well as to use all the minutes available.

The delivery of the test will not be allowed in the last 10 minutes of the scheduled time.

A candidate who wants to leave the venue must hand in the test and leave the location.

### **Points are assigned as follows:**

1 point for each correct answer;

-0,2 point for each incorrect answer;

0 points for each not given answer.

The highest achievable score in the written test is 80/80 points.

**Only candidates with a total score that is equal or higher than 16/80 are considered eligible for the admission to the first year. Candidates who are not eligible (with a total score less than 16/80) will not be included in the ranking list.**

## 7. ADMISSION TO THE MASTER'S DEGREE PROGRAMMES

### 7.1 APPLICATION FOR INCLUSION IN THE MERIT RANKING LIST

After participating in one or more written test sessions (16<sup>th</sup> March 2023 and/or 8<sup>th</sup> January 2024 and/or 29<sup>th</sup> February 2024), eligible candidates with the requirements of Article 3 have to send their application for the inclusion in the merit ranking list for the a.y. 2024/2025 **exclusively from 6<sup>th</sup> March 2024 until no later than 13<sup>th</sup> March 2024, 1.00 pm CET by using the online registration platform.**

**In order to correctly apply for the inclusion in the merit ranking list for the a.y. 2024/2025, the candidate has to complete within the above-stated deadline all the following mandatory steps<sup>2</sup>:**

---

<sup>2</sup>Candidates who submit their application for both the Master's Degree in Medicine and Surgery Programme and the Master's Degree in Medicine and Surgery-"Medtech" Programme have to complete and submit two different applications for inclusion in the merit ranking list for the a.y. 2024/2025: one application for inclusion in the merit ranking list of the Master's Degree in Medicine and Surgery Programme and another application for inclusion in the merit ranking list of the Master's Degree in Medicine and Surgery-"Medtech" Programme.

1. click on the appropriate button accessible at the following link:  
<https://www.unicampus.it/it/info/ammissioni-corsi-laurea>;
2. access to the portal with the candidate's credentials created for the registration to the admission test session(s) (*in the event of loss, the candidate can retrieve the credentials by clicking on the appropriate button of the portal*);
3. declare to be in possession of all the requirements stated by the call for admission, Article 3;
4. check the score calculated by the system as the best one, in case in which the candidate has taken more than one written test;
5. check the single score calculated by the system, in case in which the candidate has taken only one written test;
6. click on the button "Presenta Istanza" ("Submit the application" in the English version of the online registration platform), in order submit the application for the inclusion in the merit ranking list.

In order to compete for the scholarship listed in Article 1 of this call, candidates have to upload in the appropriate section of the registration platform their ISEE Diritto allo Studio 2024 certificate before submitting the application for inclusion in the merit ranking list.

**The application for inclusion in the merit ranking list for the a.y. 2024/2025 is correctly submitted only after having completed all the steps from 1 to 6.**

**In any case, an application that has not been submitted is considered not completed and does not allow the candidate to participate in the admission process. The registration fee for the test is not refundable under any circumstances.**

After submitting the application by clicking on the button "Presenta Istanza" ("Submit the application" in the English version of the online registration platform), the candidate receives an email that confirms that the application has been successfully submitted. Moreover, the platform indicates the application as "istanza trasmessa correttamente" ("Application submitted" in the English version of the online registration platform /submitted).

**At this point, the application can no longer be modified.**

It is the candidate's own responsibility to check the correct insertion of the data requested by the online registration platform. The insertion of untruthful or incorrect data, or failure to enter them, will result in exclusion from the procedure, the exclusion from the final ranking and in the loss of the right to enrol or in the cancellation of the enrolment. The University Campus Bio-Medico of Rome reserves the right to carry out the necessary checks on the declarations made by the candidate.

## **7.2 PROVISIONAL MERIT RANKING**

After having submitted the applications for the inclusion in the merit ranking list under Article 7.1, the provisional merit rankings – one related to the Master's Degree Programme in Medicine and Surgery and one referred to the Master's Degree Programme Medicine and Surgery- "MedTech" – are published **within the 20<sup>th</sup> March 2024** by Rectoral Decree on the website at the link <https://www.unicampus.it/it/info/ammissioni-corsi-laurea>.

The rankings are based on the best score (or on the single score, in case of participation in only one admission test session) achieved by each candidate, upon the application submitted by the candidate for inclusion in the merit ranking list. The placement of the candidates in the rankings is established on the basis of their scores for a maximum score of 80/80.

In the event of a tie in the test score, the candidate with the highest score achieved in the Logic questions prevails; in the event of a further tie, the candidate with the highest score in the Biology, Chemistry, Mathematics and Physics

questions prevails. If the tie still persists, the candidate with the youngest age prevails.

The following candidates are considered *winner*s:

- the first 72 candidates in the merit list for the Master's Degree Programme in Medicine and Surgery;
- the first 68 candidates in the merit list for the Master's Degree Programme in Surgery-“MedTech”.

Candidates with a total score that is equal or higher than 16/80 are considered *eligible* for the admission to the first year. Candidates with a total score of less than 16/80 are considered *not eligible* for admission to the first year.

Each candidate can check their own position in the ranking list by means of the code assigned at the time of registration for the competition procedure from the online platform and referred to as “Unique ID”.

## **8. ENROLMENT PROCEDURE ACADEMIC YEAR 2024/2025**

### **PHASE I**

Following the publication of the *provisional merit ranking*, the **winning candidates** must proceed with the enrolment procedure – Phase I **from 22<sup>nd</sup> March 2024 and no later than 5<sup>th</sup> April 2024, 1.00 p.m. (CEST)** performing the following actions published on the university website <https://www.unicampus.it/it/info/ammissioni-corsi-laurea>:

**The winning candidate who does not carry out all the operations referred to in the aforementioned points a), b) and c) no later than 5<sup>th</sup> April 2024, 1.00 p.m. (CEST), shall be automatically deemed withdrawn.**

**As from 12<sup>th</sup> April 2024, eligible candidates compete for any remaining places** (not assigned to winning candidates by 5<sup>th</sup> April 2024) according to the merit ranking order.

Notice of remaining places is published on the University website <https://www.unicampus.it/it/info/ammissioni-corsi-laurea>.

Notice of remaining places is normally published on Tuesdays and Fridays (except for Italian holidays). The notice indicates the positions in the merit ranking that are allowed to enroll and the date from which the candidates have to communicate the acceptance of the offered place.

**Eligible candidates are allowed to enrol following the steps established by the above-mentioned points a), b) and c), from the 12.00 pm CET of the date indicated in the public notice and within no later than the 12.00 pm CET of the working day after the notice has been published.** The eligible candidate who does not complete all the required

---

<sup>3</sup>The amount of the second instalment of the tuition fee, equal to € 5,000.00 (five thousand/00), must be paid by 23<sup>rd</sup> January 2025; the amount of the third instalment of the tuition fee, equal to € 5,000.00 (five thousand/00), must be paid by 10<sup>th</sup> April 2025. The amount of the regional tax for the the right to higher education may vary according to the deliberations of the Lazio Region. **Bank charges for the arrangement of transfers are not included in the amount of the instalment.**

<sup>4</sup> Candidates awarded with one of the scholarships referred to in Article 1 of this call for admission must, **under penalty of withdrawal, formally accept the scholarship by 28<sup>th</sup> March 2024** in accordance with the procedure that will be communicated to them by the University with exemption from payment of the tuition fee. In case the awarded candidates do not accept the scholarship by **28<sup>th</sup> March 2024**, they will forfeit their right to the scholarship but can still proceed with the ENROLMENT by 5<sup>th</sup> April 2024 according to the procedure set out in article 8 of this call for admission, referring to all successful candidates; scholarships not accepted will be awarded in order of ranking, with a possible refund of the first instalment to candidates who have attached the ISEE Diritto allo Studio certification or 2024 below € 45.000,00 (fourty five thousand/00) to the online application and who have already enrolled.

steps established by points a), b) and c) within the aforementioned deadline is automatically deemed withdrawn.

**It is the candidate own responsibility to check in due time the communications published by University on the website.**

**With reference to the enrolling procedure, University fees are non-refundable under any circumstances.**

## **PHASE II**

By **5<sup>th</sup> July 2024**, upon verification of submission of language certifications, the *final ranking list* referred to in article 3.3 will be published by the Rector's Decree on the website <https://www.unicampus.it/it/info/ammissioni-corsi-laurea>).

Candidates included in the *final ranking* who have already completed the enrolment PHASE I, must proceed to enrolment PHASE II from 12<sup>th</sup> July 2024 and no later than 26<sup>th</sup> July 2024, 1.00 p.m. (CEST) following the "enrolment instructions" that will be published on the website <https://www.unicampus.it/it/info/ammissioni-corsi-laurea>:

- d) access the student's reserved area on the University platform and payment of the regional tax for the Right to higher education, with the amount of € 140.00 (one hundred and forty/00)<sup>5</sup>; and the enrolment form;
- e) send or hand-deliver to Student Services Office by fax to (+39) 06.225411939 or by certified mail to [segreteria.studenti@postasicura.unicampus.it](mailto:segreteria.studenti@postasicura.unicampus.it) the following documents:
  - the payment receipt of the regional tax for the Right to higher education;
  - the enrolment form duly completed and signed in all its parts;
  - a self-declaration of achievement of the Diploma of Higher Secondary Education with indication of the grade, year and Institute that issued it, with a declaration of value in case of foreign educational qualifications;
  - the withdrawal from studies or no impediment to transfer in case of previous enrolment in another University.

**The winner candidate who does not complete all the required steps established by points d), e) within the aforementioned deadline is automatically deemed withdrawn.**

**From 28<sup>th</sup> July 2024 eligible candidates compete for any remaining places** (not assigned to winning candidates by 26<sup>th</sup> July 2024) according to the merit ranking order.

Notice of remaining places is published on the University website <https://www.unicampus.it/it/info/ammissioni-corsi-laurea>.

Notice of remaining places is normally published on Tuesdays and Fridays (except for Italian holidays). The notice indicates the positions in the merit ranking that are allowed to enroll and the date from which the candidates have to communicate the acceptance of the offered place.

**Eligible candidates are allowed to enrol following the steps established by the above-mentioned points a), b) and c), from the 12.00 pm CET of the date indicated in the public notice and within no later than the 12.00 pm CET of the working day after the notice has been published.** The eligible candidate who does not complete all the required steps established by points a), b) and c) within the aforementioned deadline is automatically deemed withdrawn.

**It is the candidate own responsibility to check in due time the communications published by University on the website.**

---

<sup>5</sup> The amount of the regional tax for the Right to higher education may vary according to the deliberations of the Lazio Region.

**With reference to the enrolling procedure stated by Article 8, tuition fees are non-refundable.**

**The amount of the tuition fee referred to in article 8 can only be refunded to:**

- candidates who do not obtain the High School Diploma valid for the admission in the a.y. 2024/2025;
- candidates, enrolled under conditions, who, as a result of the reduction in the number of places assigned annually by the Ministry for Education, University and Research, cease to be enrolled;
- candidates awarded with the scholarship financed by the Campus Bio-Medico University of Rome for the a.y. 2024/2025, assigned over the withdrawal of exempted candidates.

## **9. ADDITIONAL LEARNING OBLIGATIONS (OFA)**

Admission test is based on the evaluation of the candidates fundamental competences needed for the successful attendance to the Degree Course.

Thus, before the classes start, all students who have completed their enrolment in accordance with the call for admission have to take a further test. This test aims at verifying any *Additional Educational Obligations (OFA)* in order to help the students in eventually filling the gaps in the core subjects of the first year.

Candidates who do not answer correctly to at least the 60% of the questions are admitted with OFAs for the subject they didn't pass the threshold.

In order to make up for the learning obligations (OFAs), the aforementioned candidates have to follow specific training courses. They will be informed at the beginning of the semester how to attend specific courses. In particular, OFAs must be completed before taking the relative exams foreseen in the study plan and in any case within the first year.

Alternatively, if the student passes the exams related to the OFAs, they may be considered as fulfilled.

You can find further information concerning the OFAs on the specific web page: <https://www.unicampus.it>.

**SCHOLARSHIP ACCEPTANCE PROCEDURE**

For admission to the academic year 2023/2024, the first winning candidate in the merit ranking for the Medicine and Surgery Course and the first winning candidate in the merit ranking for the Medicine and Surgery- “MedTech” Course – with the ISEE certification Diritto allo Studio 2024 not exceeding € 45.000 (forty-five thousand/00) – will be awarded with **1 (one) scholarship each**. Each scholarship covers the 100% of the University tuition fee for the legal duration of the degree course (6 years). The scholarships are financed by the University Campus Bio-Medico di Roma and reserved to Italian citizens, citizens of the European Union and non-EU citizens with equivalent status. For this purpose, before applying for the inclusion in the merit ranking list (by clicking on “Presenta/Submit button) pursuant Article 7 of this call for admission, a copy of ISEE Diritto allo Studio 2024 must be provided.

Scholarship beneficiaries, under penalty of forfeiture, must formally accept the scholarship **within 28<sup>th</sup> March 2024**, as specified in article 8 and note 3 of this call for admission.

**SCHOLARSHIP RETENTION REQUIREMENTS**

Students who have been awarded the scholarship referred to in point 1 of this Call for Admission may retain the benefit in the years following the first one within the legal duration of the course if, **by 31<sup>th</sup> October** of each year:

- a) they have acquired at least the same number of Academic Credits - ECTS (European Credit Transfer System - Credito Formativo Universitario - CFU) as shown in the tables hereunder:

<i>Corso di Laurea in Medicina and Surgery</i>	
<b>Course Year</b>	n. Academic credits (ECTS/Obtainable Academic Credits)
II	42
III	106
IV	169
V	209
VI	272

<i>Corso di Laurea in Medicina and Surgery-“MedTech”</i>	
<b>Course Year</b>	n. Academic credits (ECTS/Obtainable Academic Credits)
II	50
III	93
IV	139
V	181
VI	233

- b) they have obtained a grade point average (GPA) in the exams relating to the total credits obtained at least equal to 27/30. The grade point average is rounded up to the next integer for decimal values of 5 or more.

In the event of forfeiture, revocation or withdrawal by students who have been awarded the scholarship, the remaining places will be allocated to those students who have obtained the highest number of ECTS with the highest average in the year preceding the year of allocation. This procedure, which may eventually be activated with a specific call for applications, is reserved for students enrolled at Campus Bio-Medico University of Rome in the academic year 2024/2025 who have an annual income (ISEE Diritto allo Studio) not exceeding € 45.000,00 (forty-five thousand/00).

The following candidates are not required to provide a language certification:

- a) candidates who have attended at least one year of high school **entirely taught in English** (having taken only certain subjects taught in English, even if for several consecutive school years, does not qualify for exemption);
- b) candidates who have taken the **BMAT test**.

Candidates referred to in letter (a) must provide, within the terms indicated above for the submission of language certification, a declaration of attendance issued by the High School with an explicit statement of the period of attendance and the language of teaching. Candidates referred to in letter (b) must provide for the submission of the language certification, within the terms indicated in article 2 of this call, the final evaluation report in Section 3 English.

### Syllabus regarding the content of the Admission Test

For admission to the course a general knowledge in the fields of literature, history, philosophy, social and institutional studies is required, as well as the ability to analyse written texts, logical and mathematical reasoning skills.

The knowledge and the skills required are, however, those promoted by educational institutions that organize educational and teaching activities consistent with the Ministerial Programmes, especially in view of the State Examinations and also refer to the scientific disciplines of Biology, Chemistry, Physics, and Mathematics.

#### Biology

- The chemistry of living organisms.
- The biological importance of weak interactions.
- The organic molecules found in living organisms and their functions.
- The role of enzymes.
- The cell as the basis of life.
- Cell theory. Cell size. The prokaryotic and eukaryotic cell in animals and plants. Viruses.
- The cell membrane: structure and functions - transport through the membrane.
- Cellular structures and their specific functions.
- Cell cycle and cell division: mitosis and meiosis - chromosomes and chromosome maps.
- Bioenergetics.
- The energy assessment of cells: ATP.
- Redox reactions in living organisms.
- The energetic processes: photosynthesis, glycolysis, aerobic respiration and fermentation.
- Reproduction and heredity.
- Life cycles. Sexual and asexual reproduction.
- Mendelian Genetics. Fundamental laws and applications.
- Classical genetics: chromosome theory of heredity; patterns of heredity.
- Molecular Genetics: structure and replication of DNA, the genetic code, protein synthesis. The DNA of prokaryotes. The structure of the eukaryotic chromosome. Genes and regulation of gene expression.
- Human genetics: transmission of mono- and multifactorial characters; hereditary diseases linked to the X chromosome and autosomal
- Biotechnology: Recombinant DNA technology and its applications.
- Heredity and environment.
- Mutations. Natural and artificial selection. Evolutionary theories. The Genetic basis of evolution.
- Anatomy and physiology of animals and man
- Animal tissues
- Anatomy and physiology of systems and equipment in humans and their interactions.
- Homeostasis.

#### Chemistry

- The constitution of matter: states of matter; heterogeneous systems and systems homogeneous; compounds and elements.
- Ideal Gas Laws.
- The structure of the atom: elementary particles; atomic number and mass number, isotopes, electronic structure of atoms of different elements.
- The periodic system of elements: groups and periods; transition elements; periodic properties of the

- elements: atomic radius, ionization potential, electron affinity; metallic character. Relations between electronic structures, position in the periodic system of elements and properties.
- Chemical bonding: ionic bonding, covalent bonding, and metallic bonding. Energy binding. Polarity of bonds. Electronegativity.
  - Fundamentals of inorganic chemistry: nomenclature and main properties of inorganic compounds: oxides, hydroxides, acids, salts.
  - The chemical reactions and stoichiometry: molecular and atomic mass, Avogadro's number, mole concept and its application, stoichiometry elementary balance of simple reactions, the different types of chemical reaction.
  - Solutions: solvent properties of water; solubility; The main ways of expressing the concentration of solutions.
  - Equilibria in aqueous solution.
  - Elements of chemical kinetics and catalysis.
  - Oxidation and reduction: oxidation number, the concept of oxidant and reductant.
  - Balance of simple reactions.
  - Acids and bases: concepts of acid and base; acidity, neutrality or alkalinity of aqueous solutions; the pH. Hydrolysis. Buffer solutions.
  - Fundamentals of organic chemistry: bonds between carbon atoms; formulas and rough texture, concept of isomerism. Aliphatic, alicyclic and aromatic hydrocarbons. Functional groups: alcohols, ethers, amines, aldehydes, ketones, carboxylic acids, esters, amides. Elements of nomenclature.

### Physics

- Measures: direct and indirect measures, fundamental and derived quantities, physical dimensions of quantities, knowledge of the metric system and the CGS System of Units, Technician (or Practical) (ST) and International (SI) units of measurement (names and relations between fundamental and derived units), and multiples (names and values).
- Kinematics: kinematic quantities, various motions with particular regard to uniform and uniformly accelerated motion; uniform circular motion; harmonic motion (for all motions: definition and relationship between the kinematic quantities related).
- Dynamic: vectors and vector operations. Forces, motion of forces around a point. Vector composition of forces. Definitions of mass and weight. Acceleration of gravity. Density and specific gravity. Law of universal gravitation, 1st, 2nd, and 3rd laws of motion. Work, kinetic energy, potential energy. Principle of conservation of energy. Impulse and momentum. Principle of conservation of momentum.
- Fluid mechanics: pressure, and its unit of measure (not only in the SI system). Archimedes' principle, Pascal's and Stevin's laws.
- Thermology and thermodynamics: thermometry and calorimetry. Specific heat, thermal capacity. Mechanisms of heat propagation. Changes of state and latent heats. Ideal Gas Laws. First and second law of thermodynamics.
- Electrostatics and electrodynamics: Coulomb's law. Electric field and potential. Dielectric constant. Capacitors. Capacitors in series and in parallel capacitors. Current. Ohm's law. Electrical resistance and resistivity, electrical resistors in series and in parallel. Work, Power, Joule effect. Generators. Electromagnetic induction and alternating currents. Effects of electric currents (thermal, chemical, and magnetic).

### Mathematics

- Sets of numbers and algebra: natural numbers, integers, rational and real numbers. Sorting and comparison; order of magnitude and scientific notation. Operations and their properties. Proportions and percentages. Powers with integer exponents, rational and their properties. Radicals and their properties. Logarithms (base 10 and base e) and their properties. Elements of combinatorics. Algebraic expressions, polynomials.

Major products, nth power of a binomial, factoring polynomials. Algebraic fractions. Algebraic equations and inequalities of the first and second grade. Systems of equations.

- Functions: fundamental notions about the functions and their graphical representations (domain, codomain, sign, maxima and minima, and monotonicity, etc.). Elementary functions: algebraic integer and fractional, exponential, logarithmic, trigonometric. Composite functions and inverse functions. Trigonometric equations and inequalities.
- Geometry: Polygons and their properties. Circumference and circle. Measurements of lengths, areas, and volumes. Isometries, similarities, and equivalences in the plan. Loci. Measure of angles in degrees and radians. Sine, cosine, tangent of an angle and their significant values. Trigonometric formulas. Solving triangles. Cartesian reference system in the plane. Distance between two points and the midpoint of a segment. Equation of the line. Terms of parallelism and perpendicularity.
- Distance of a point from a line. Equation of the circle, the parabola, hyperbola, of the ellipse and their representation in the Cartesian plane. Pythagorean Theorem. Euclid Theorem (first and second).
- Probability and Statistics: Frequency distributions depending on the type of character and the main graphical representations. Definition of random experiment and event. Probability and frequency.
