ANNEX A
R.D. no. 498 dated 23/12/2022

PhD Course Bioengineering, Applied Sciences and Intelligent Systems - XXXVIII Cycle A.Y. 2022-2023		Curricula: <ul style="list-style-type: none"> • Bioengineering and Robotics; • Biosciences and Applied Physics; • Intelligent Systems and Digital Technologies.
PhD Course Coordinator: Prof. Loredana Zollo		
Duration: 3 years	Places: 5	Places supported by scholarships: 4 Number of places without a scholarship: 1
Date and place of the interview		<ul style="list-style-type: none"> • 20 February 2023 at 12:00 (CET) Apply remotely on the platform Microsoft Teams
Places with a thematic scholarships funded by other bodies funds 1 scholarship funded by INAIL on the theme “Robotic systems for risk prevention in occupational scenarios”.		
Places with a thematic scholarships funded under the National Recovery and Resilience Plan (PNRR) funds on the project Italy - European Brain ReseArch InfrastructureS-Italy EBRAINS 1 scholarship funded by CNR- INO on the theme “Measurements on the activity of the central nervous system in social contexts” to LENS in Sesto Fiorentino (FI) CUP B51E22000150006; 1 scholarships funded by CNR- DSFTM on the theme “Computational multiscale models of neuronal networks and brain dynamics for in-silico simulations” CUP B51E22000150006.		
Places with a thematic scholarships funded under the National Recovery and Resilience Plan (PNRR) funds on the project “Integrated Infrastructure Initiative in Photonic and Quantum Sciences” I-PHOQS 1 scholarship by CNR- INO on the theme “Photonics for molecular sensing” CUP B53C22001750006.		

PhD Course Sustainable Development: Environment, Food and Health - XXXVIII Cycle A.Y. 2022-2023		Curricula: <ul style="list-style-type: none"> • Engineering for Sustainable Development and Environmental Protection; • Health, Nutrition and Ageing; • Food Science and Environmental Sustainability.
PhD Course Coordinator: Prof.ssa Chiara Fanali		
Duration: 3 years	Places: 2	Places supported by scholarships: 2
Date and place of the interview		<ul style="list-style-type: none"> • 22 February 2023 at 10.00 (CET) Apply remotely on the platform Microsoft Teams
Places with a thematic scholarships funded under the National Recovery and Resilience Plan (PNRR) funds on the project “National Center for technology in Agriculture (Agritech)” 1 scholarship Spoke 1 Plant and animal genetic resources and adaptation to climatic changes - Linking phenotype and genotype CUP C83C22000520001.		
Places with a thematic scholarships funded under PNC funds on the project “Mediterranean Sea’s fishery product: impact of toxic and persistent environmental contaminants of primary interest. Consequences on human health and nutrition. (CAP-fish)” 1 scholarship on the theme “Mediterranean Sea’s fishery product: impact of toxic and persistent environmental contaminants of primary interest. Consequences on human health and nutrition. (CAP-fish)” CUP C85I22004240001.		

PhD Course Integrated Biomedical Science and Bioethics - XXXVIII Cycle A.Y. 2022-2023		Curricula: <ul style="list-style-type: none"> • Endocrinology; • Bioethics; • Osteo-oncological Diseases; • Science of Ageing and Tissue Regeneration; • Neurological Science.
PhD Course Coordinator: Prof. Raffaele Franco Antonelli Incalzi		
Duration: 3 years	Places: 2	Places supported by scholarships: 2
Date and place of the interview		<ul style="list-style-type: none"> • 22 February 2023 at 10.00 (CET) Apply remotely on the platform Microsoft Teams
Places with a scholarship funded by university funds or other bodies 2 post-graduate scholarships funded by the Ministry of Education, University and Research
